Ideal for busy workgroups of 3 – 15 users in businesses ranging from single site operations to the regional/satellite offices of large organisations, people who need shared access to a high productivity, monochrome A4 MFP offering a whole suite of advanced business tools.

Support high workflow needs of demanding workgroups.

• Enhance the productivity of busy office workgroups with versatile print, copy, digital sending[4] and fax features[1].
• Flexible options with up to 2,100-sheet input capacity and automatic two-sided printing accessory[1].
• Choose 3-bin mailbox[3] for separating print, copy and fax functions, assigning mailboxes for users or stacking up to 700 sheets.
• Boost performance with 50-sheet automatic document feeder (ADF) for unattended document processing.

Simplify and save time.

• Streamline communication and transform your document workflow by optimising send to e-mail function with optional digital sending[4].
• Get impressive results when you need them with 43 ppm black & white A4 printing and copying; first page out in under 10 seconds.
• Produce high quality duplex documents with the automatic two-sided printing accessory[1].
• Transform your document workflow with optional routing software – send information to a range of applications.

Easy, worry-free operation with HP LaserJet reliability.

• Easy sharing – enjoy best-in-class networking with the HP Jetdirect Fast Ethernet embedded print server.
• Easy to use, intuitive control panel with touch-screen graphics.
• Enjoy ease-of-use and reliability associated with HP LaserJet printers, plus all the versatility of a high productivity MFP.
• Get consistently high quality results with HP Smart printing technology[5] – automatically enhancing print quality.

Lasting value

Total cost of ownership is a critical part of the purchasing decision and the HP LaserJet 4345mfp series is capable of delivering significant cost savings.

An efficient multifunction device. Impressive paper-handling capabilities enable local document production, eliminating the costs associated with centralised printing.

Reliability saves money. Hewlett-Packard has consistently received the top grade in PC Magazine's Service and Reliability Survey and was recently awarded one of the first-ever A+ ratings. This level of reliability is a major factor behind enhanced user productivity and low total cost of ownership.

The HP Smart supplies advantage[7]

HP papers and print cartridges are designed to work together with HP printing devices to deliver impressive halftone images, smooth greyscales and fine details. HP Smart Printing technology is activated every time you install an HP print cartridge; as well as enabling easy management of your supplies, each HP print cartridge continually adjusts toner properties to ensure high-quality output throughout its working life.

Award-winning HP support

We offer a range of support options to enable you to make the most of your investment and ensure that your MFP always operates at peak efficiency. Start with a one-year, next-day, onsite HP limited warranty, backed by free telephone support. To further guarantee trouble-free operation, we can have options including network installation, advanced maintenance and post-warranty support.

Add the following optional components and build an MFP to meet the needs of your business.
