hp color LaserJet 8550 printer supplies

designed for improved performance

The new HP Color LaserJet 8550 family of A3-size network printers is designed to use the same HP Supplies as the HP Color LaserJet 8500 Series printers. The range includes four separate toner cartridges for improved print quality (black, cyan, magenta and yellow) and three kits (drum, transfer and fuser). Like all HP Supplies they are optimised to work with the printers to enable them to produce clear, sharp output throughout their life. The average number of pages printed at 5% coverage is 8,500 pages for the colour cartridges, and 75,000 four-colour pages for the transfer kit.

creative colour printing for every need

Using original HP Supplies that are designed together to ensure optimal quality and results, the new HP Color LaserJet 8550 family offers fast, high volume, A3, colour and monochrome printing to satisfy every business need. This creative colour printing is available to everyone, from workgroups in large organisations to design professionals and CAD/CAM users. High-yield HP Toner cartridges and low-cost HP Media make short-run, in-house colour printing both affordable and practical.

features

- fast and cost-efficient black-only printing
- professional quality output
- fast and affordable colour printing
- hp toner cartridges with ultraprecise technology
- hp toner gauge technology

benefits

- no need for a separate monochrome printer for mainstream office printing
- print shop quality documents printed in-house for faster response and turnaround
- improves document communication and value
- more consistent output, smooth grey scales and no banding
- takes the guesswork out of ordering supplies, produces optimum output

hp color LaserJet 8550 printer supplies

cost-effective in-house colour printing

Improved toner cartridges for the new HP Color LaserJet 8550 family work with the kits to deliver best-in-class colour printing. Advanced features of the HP 8550 family, including stacker, stapler and booklet finishing options, direct PDF printing, automatic Pantone colour calibration and press emulations, make it possible to handle previously outsourced projects, such as short-run colour brochures, newsletters, posters and presentations in formats up to A3, in-house.

superb colour images

The HP Color LaserJet 8550 family, HP Toner cartridges and HP Media work together to give superb colour images, vivid graphics and crisp black text. The results will satisfy the most demanding in-house pro-fessional creative as well as the general business user looking to tackle more demanding colour and graphics-intensive projects involving imported graphics and images from websites, scanners and digital cameras.

low-cost media

- HP Color LaserJet Soft Gloss Paper delivers commercial print quality at an in-house price, adding a professional look and feel to datasheets, brochures, newsletters and other short-run, on-demand applications.
- HP Color LaserJet Transparency Film produces bright, crisp and colourful results for professional presentations incorporating colour images and fine detail graphics.

product specifications

p/n	description	dimensions (l x w x d)	weight	UPC codes
C4149A	hp toner cartridge, black	511 x 184 x 245 mm	2420 g	0 88698 22904 0

C4153A	hp drum kit	50,000 black only or 12,500 4-colour pages
C4154A	hp transfer kit	150,000 black only or 75,000 4-colour pages
C4156A	hp fuser kit, 220 volt	100,000 pages (black or colour)

frequently asked questions

how does the new hp color LaserJet 8550 family make colour printing more affordable?

As with the HP Color LaserJet 8500 Series printers, the new HP Color LaserJet 8550 family requires fewer HP Supplies than previous printer models (seven instead of eleven) to produce a lower cost-per-page. On average, a colour cartridge will produce 8,500 pages, while the drum, transfer and fuser kits will each last for up to 12,500, 75,000 and 100,000 pages of four-colour work respectively, all at 5% coverage. In addition, the toner levels determined by the HP Toner Gauge technology can be monitored on the printer front panel, thus eliminating costly down-time and ensuring more efficient ordering of HP Supplies.

are hp color LaserJet supplies interchangeable?

HP Color LaserJet Transparency Film will work in all HP Color LaserJet printers. HP Color LaserJet Soft Gloss Paper is designed for the HP Color LaserJet 8500/8550 printers and is not intended for use on the HP Color LaserJet and Color LaserJet 5/5M printers. Previous products such as HP Color LaserJet 5/5M Premium Glossy Paper will not work with the HP Color LaserJet 8500/8550 printers. HP print cartridges and kits are not interchangeable.

do I have to use hp-branded media in my hp color LaserJet printer?

HP Color LaserJet printers, cartridges and media are designed to produce optimum results when working together. HP Media are tested and engineered to perform to the highest expectations and designed to run smoothly through the printer without jamming or bleeding.
